Rockwell Field, San Diego, Cal.
October 9th, 1918.

Dear Friend Alice, —

Pretty brown eyes. Well what are you doing today? That is what you can tell me when you write again.

I think I missed a very nice time when I first failed to receive the letter with the ticket and then was sent away before the time for the entertainment.

Tell your mother that I thank her very much for her thoughtfulness in sending it to me. — 7³⁰ P.m. and down at the

new Y.M.C.A. I came down to finish writing a few letters but all the places for writing are occupied so I am using the arm of a rocking chair for a desk.

We will have moving pictures in a little while. This P.m. we had inspection. I have been transferred to Squadron B and the new C.O. is a stiff disciplinarian. We certainly have to walk the chalk line.

I am sending you some of the pictures you have waited so long to see.

I hope you are having a good time at school and getting good marks. It takes a lot of hard work for a little girl to grow into the right sort of big girl. And some day I hope to see what fine young ladies my little girls can grow up to be.

Your soldier friend,
Fred V. Sampson
